

Announcing Interprofessional Student Immersion Day 2015

The Institute of Medicine (IOM) has identified the ability to work as an effective member of an interdisciplinary team as one of five core competencies necessary for all health professionals (IOM, 2003). UIC presents a unique learning opportunity, featuring small group interdisciplinary work with students and faculty from the Colleges of Applied Health Sciences, Dentistry, Medicine, Nursing, Pharmacy, Public Health, Social Work, the Library of the Health Sciences, and the Office of Diversity.

Save the Date: Friday, April 10, 2015

Schedule: 8:00 a.m. - 12:30 p.m.

Location: UIC Forum - 725 W. Roosevelt Rd. (Roosevelt & Ashland), Chicago
Preparatory work assigned in Blackboard prior to this session.

Further course details will be provided to those who register.

Course Objectives: At the end of the course, participants will be able to:

- Explain the roles of all participating health professions in patient-centered care.
- Communicate effectively as a member of a health care team.
- Collaboratively develop realistic interdisciplinary treatment goals.
- Describe the potential for information technology to support or hinder the delivery of interdisciplinary health care services.
- Articulate a plan for furthering one's skills in interdisciplinary, patient-centered care.

To register, contact:

- HIM undergraduates and Post-Baccalaureate HIM students: Karen Patena, RHIA, patena@uic.edu
- Graduate Health Informatics students: Annette L. Valenta, DrPH, valenta@uic.edu

REGISTRATION CLOSING JANUARY 30, 2015

Presented by the Collaborative for Excellence in Interprofessional Education (CEIPE), a faculty-initiated group with members from the Colleges of Applied Health Sciences, Dentistry, Medicine, Nursing, Pharmacy, Public Health, Social Work, the Library of the Health Sciences, and the Office of Diversity.
